

May 1, 2024

Good morning! It's Zia from class 851 here for Words of Wisdom Wednesday on behalf of the S.E.A.L Team.

Welcome back from break, everyone! Today is the first day of May. May is the Leaders of Tomorrow Month, also known as the "Young Achievers Month". This month is dedicated to shape and help kids become the best versions of themselves.

Throughout May, many people come together, aiming to help and improve each other's talents, but perhaps you tell yourself, "I don't have any talents" or wonder: "What's my hidden talent"? One way we can discover our talents is by looking into the things we find fascinating, or by doing something new. A wise person once said, "Life begins at the end of your comfort zone." Exploring our talents requires taking risks, but taking a risk is a step outside of what we're used to. Of course, taking risks could lead to terrible consequences, but it could also lead to fantastic discoveries and open doors.

Being a "Leader of Tomorrow" is someone who believes in themselves and understands that there is no limit to growth and achievement. This is a person who inspires a new generation into action and is unafraid of taking risks to open new and bigger opportunities for the future.

Thanks for listening and have a We Shape the Tomorrow Wednesday!

Affirmation of the Day: I will be true to those who trust and rely on me.

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
